Grant in "Methods to evaluate the effectiveness of instruction", Department of Statistics, University of Udine, November 2000-October 2001. Head of the project: Professor Enrico Gori.

Tutorship activity, University of Udine, 2000 and 2001.

Contract of collaboration with FAO as Junior Statistics/Gis Specialist for the statistical spatial analysis of poverty in Ecuador. *FAO/SDRN GIS*, February-July 2002

Contract of collaboration with FAO as consultant in Statistics to study the multiple dimension of poverty among fishing communities on principal lakes of Africa. *SFLP-SIFAR/FIVISM* September-November 2002.

"ECASS" fellowship at ISER (Institute for Social and Economic Research), University of Essex, Colchester (UK). Attended the courses of: "Econometrics methods and applications", Prof. J. Richmond; "Panel data methods", Prof. J. Ermisch; "Survival analysis" Prof. S. Jenkins; "Application of data analysis" Prof. M. Francesconi; English language courses. January-April 2003.

Research assistant in a European Community project on the quality of life in Europe: "Felicie: Future Elderly Living Condition In Europe"; coordinated by INED (Insitut National d'Etudes Démographiques). Department of statistics, University of Florence, February 2003-February 2005.
Web site: www.felicie.org.

Contract of collaboration with FAO as Junior Statistics/Gis Specialist for the statistical spatial analysis of poverty in Albany. *FAO/ESAE*, January-June 2004.

Tutorship activity, University of Florence, March-April 2004.

Research assistant in a project on the analysis of the quality of life in protected areas. Department of agricultural economics, University of Florence March 2005. Head of the project: Professor Leonardo Casini.

Tutorship activity, University of Pisa, February-June 2005.

Contract of collaboration with FAO as Junior Statistics for the statistical spatial analysis of poverty in Albany. *FAO/ESAE*, January-June 2004.

Contract of collaboration with FAO as Junior Statistics for developing and validating indicators of food intake for children in Filipine. *FAO/FIPL*, September-November 2005.

Research assistant in a project on the analysis of wine consumption, and consumer's behaviour in Italy at the Department of Agricultural Economics, University of Florence September 2005-September 2006.

Contract of collaboration with FAO as Junior Statistics for developing and validating indicators of food intake for children in Mali. *FAO/FIPL*, March-May 2008.

Present Position

Research assistant, Health and Management Laboratory, Scuola Superiore Sant'Anna, University of Pisa, Italy. Web site: www.meslab.sssup.it.

Scientific Activity

The research activity begun in 1999 with the BA dissertation on the analysis of the health status of the Italians in 1994. The current research interest is: Patient and health staff satisfaction surveys.

Other research interests:

1. Quality of life and poverty analysis;
2. Multilevel analysis and Panel data analysis;
3. Demand system modelling, equivalence scales;

Language Proficiency

Italian Mother Tongue
English Fluent

Computer Know ledges:

Languages: Fortran, R.

Packages: Microsoft Office (Word, Excel, Access).

Statistical Packages: SAS, S-PLUS, SPSS, STATA, MLWIN.

Other software: ArcView.

O.S.: Windows DOS.
